- 3 external components

It is understood that the Commission can be integrated by one or more expert members in the cases of contracts to be activated with external financing.

The above must be completed by the current ANVUR productions - as indicated by art. 6 paragraphs 7 and 8 of Law 240/2010 - particularly with reference to ANVUR no. 132, dated 12 September 2016. In particular, the requirements must be possessed at the date of publication of the notice. The relevant verification will be carried out in this sense.

The appointment of the Committee is decided by the Rector and published in the official register of the University and, at the same time, on the University website;

From the date of publication in the Official Register of the University of the decree appointing the Commission, the term of thirty days for the presentation to the Rector, by the candidates, of any requests for recusal by the Commissioners, begins. Once this term has elapsed, and in any case after the commission has taken office, no requests for recusal by the Commissioners will be allowed.

The deadline for disqualification, i.e. the possible sub-procedure of disqualification, is not useful for the purposes of calculating the terms of the competition, in accordance with the guidelines provided by the District Attorney's Office of the State of L'Aquila, with note prot. no. 15124 of 07/05/2018 acquired at the General Protocol of the University on the same date with prot. no. 27859, which reads as follows: "*the deadline for the submission of applications for the disqualification of the commissioners, and the conduct of the entire sub-procedure of disqualification, **suspend the maximum deadline for the conclusion of the proceedings**, which will resume from the expiry of the first or the outcome of the decision on the application, except for interruptive events related to the possible need to replace the disqualified commissioners in order to reinstate the committee*".

The Commission chooses a President and a Minutes Secretary from among its members.

The Commission carries out its work in the presence of all the members and takes its resolutions by an absolute majority of the same.

The Commission may make use of telematic tools for collegial work, in order to allow the conclusion of the work within the prescribed period of four months starting from the date of appointment by Rector's decree, the above also in application of the D.R. n. 437 of 2020 - prot. n.17650 of 11.3.2020 with which the "Temporary Regulation for the conduct of collegiate sessions electronically" and amended with D.R. n. 456 of 18.3.2020.

Art. 9 - Duties of the Selection Committee

The Commission, in order to carry out the comparative assessment of the candidates, on the basis of the elements that are subject to evaluation at the preliminary assessment stage, also predetermines the criteria to be used for the attribution of a score **to the qualifications, to each of the publications** submitted by the candidates admitted to the interview and to their **comprehensive scientific production**, within the range indicated below:

- QUALIFICATIONS AND CURRICULUM → min. score 10 max 40
- COMPREHENSIVE SCIENTIFIC PRODUCTION → min. score 0 max 15
- SCIENTIFIC PUBLICATIONS PRESENTED → min. score 45 max 75
- CLINICAL-ASSISTANCE ACTIVITY OR PROFESSIONAL ACTIVITY IN A NON-MEDICAL SECTOR, BOTH IN THE PUBLIC SECTOR → min. score 0 max 15
(for a total of 100).

The determination of the assessment score in the range indicated must be specified by the Commission when identifying the criteria, except in the case in which the weighting of the percentages within the ranges indicated has been established by the Department when requesting the activation of the procedure. In the latter case, reference is made to what is reported in Model 1 attached to the Announcement or to the weights of the elements being assessed, always within the limits of the percentages indicated above.

The Commission of selection in the first session, subject to the declaration of the individual members of the non-existence of the causes of incompatibility and absence of conflict of interest between them, following the provisions of the Ministerial Decree 243/2011 "recognized criteria and parameters, also internationally, for the preliminary assessment of candidates who are recipients of the contracts referred to in art. 24 of the l. 240/2010", generally determines the elements on which it will express a **motivated preliminary assessment in relation to the qualifications, curriculum, publications, overall scientific production of the candidates through the expression of a reasoned analytical judgment.**

Considering that the total must always be equal to 100, the formula to identify the final score to be assigned to the assessments is indicated below:

$$\frac{\text{score selected}}{\text{max score}} = \frac{\text{score rep. (x)}}{\text{score}}$$

$$(x) = \frac{\text{score} * \text{score selected}}{\text{max score}}$$

CALCULATION OF SCORE REPORTED e.g.: COMPREHENSIVE SCIENTIFIC PRODUCTION

SCORE SELECTED: defined by the Committee/Department → e.g.: maximum score 15

MAX SCORE: maximum possible score in the "comprehensive scientific production assessment": E.g.: :[6 (max score per criterion)

* 3 (number of criteria)] = 18

SCORE: sum of the scores assigned to the "comprehensive scientific production assessment" for the single candidate
e.g.: (criterion a: 6 + criterion b: 4 + etc ... = 14) e.g.: 14

$$(x) = \frac{14 * 15}{18}; (x) = 11,67$$

It also predetermines the general criteria for the evaluation of the oral examination designed to verify the proper knowledge of a foreign language and/or Italian language for foreign applicants.

In its first session, the Committee shall also:

- identify the types of publications that are to be assessed;
- decide the weighting of each criterion and parameter to be taken into account;
- identify any further criteria and parameters that are more selective than those indicated in the notice;
- establish the date, time and place where the public discussion of the qualifications and scientific production will take place, as well as the verification of the knowledge of the foreign language and/or the Italian language for foreign candidates. This publication has the value of full notification and therefore no further convocation will follow. **If the date indicated by the Committee for the conduct of the interview is changed, the new date will be published in the section marked <https://www.unich.it/concorsigelmini2022> by means of a notice, but no further communication will be sent to the candidates.** This notice will always be published 20 days before the date indicated for the interview.

With reference to the completion of the aforementioned assessment and the conduct of the oral interview, see the reference to the provision in art. 22 of this announcement.

The criteria adopted by the Committee are made public through publication, for at least seven days, in the official register of the University and, at the same time, on the University website; After seven days, the Committee may proceed with its activities. The members of the Committee access the documentation presented by the candidates online and, in order to guarantee the confidentiality of the data, access is via codes assigned by the university and communicated to each of the Committee members.

The date of publication will be considered the day useful for publicity.

In the session following the first, the Commission declares that there are no situations of incompatibility with the candidates pursuant to art. 51 and 52 c.p.c. and not to have relations of kinship or affinity, within the fourth degree included, with them.

The Committee carries out a **justified preliminary comparative assessment of the qualifications, curriculum and publications** - including the doctoral thesis if presented - and comprehensive scientific production of the candidates, expressing a justified analytical judgement.

Following the preliminary comparative assessment, the Committee shall admit between 10 and 20 percent of the candidates of comparatively higher merit to public discussion of the qualifications and scientific production, and in any case not less than six candidates. **All candidates are admitted to the discussion if their number is equal to or lower than six.**

Promptly - with respect to the date set for the interview - a report will be published containing a justified preliminary assessment of the candidates.

Following the public discussion, the Committee assigns a score to the qualifications and curriculum vitae, to each of the publications presented, and to the comprehensive scientific production, and expresses an opinion on the oral test aimed at ascertaining the adequate knowledge of a foreign language and of the Italian language for foreign candidates. These assessments will be made public through publication in the official University Register and, at the same time, will be posted on the University website, being considered as a notification to all intents and purposes.

The Committee must establish for each qualification the criterion on the basis of which to assign the score, respecting the consistency of the qualifications with the S.S.D. that is the subject of this procedure.

In assessing the comprehensive scientific production, the Committee may take into account that already indicated by the applicant when submitting the application

The Commission is required to apply the principles expressed in the European Researchers' Charter on the qualitative and quantitative evaluation of merit. This evaluation emphasizes the exceptional results obtained in a personal path diversified exclusively by the number of publications and appropriately considers teaching and supervision activities, teamwork, knowledge transfer, research management, innovation, and public awareness activities. Career breaks, aimed at conducting other experiences in public or private entities, or changes in the chronological order of the curriculum are considered as a contribution to the professional development of researchers in a multidimensional path. Any experience of mobility or the change of discipline or sector are considered valuable contributions.

The consultation of publications subject to intellectual property rights must take place in observance of the laws on copyright and publishing.

The acts of the selection procedure consist of the minutes of the individual meetings of which the motivated analytical judgments relating to the preliminary comparative assessment, the scores attributed to the evaluation of the candidates admitted to the public discussion and the evaluation of the oral test aimed at ascertaining adequate knowledge of a foreign language and of Italian for foreign candidates.
