

## INGENIUM

<b>Project No.</b>	ERASMUS-EDU-2022-EUR-UNIV-2 -101090042
<b>Project Title</b>	INGENIUM
<b>Project Coordinator</b>	UNIVERSIDAD DE OVIEDO P. 1
<b>Project Partners</b>	35 EU Universities, Public bodies, Research centres, Firms *
<b>Duration</b>	48 months, from 01/01/2023
<b>Total Funding</b>	€ 14.399.477,00
<b>UdA Funds</b>	€ 1.396.154,00
<b>Project Description / Abstract</b>	<p>INGENIUM is an alliance of world-class, transnational and interdisciplinary institutions. It embodies the heterogeneity of European higher education, diverse in geography, cultural background, organisation and activities.</p> <p>INGENIUM is committed to the objective that universities continue as key actors to address most of the foregoing challenges and the Higher Education Sector needs to move fast to adapt structures and performance to maintain its crucial contribution to social development, as it has successfully delivered for centuries.</p> <p>Therefore, the INGENIUM Alliance is particularly and strongly committed to: - Sustainability – Inclusiveness - Societal challenges.</p> <p>The goal is building a new model for cooperation in higher education that goes far beyond current capabilities, enhancing cooperation at an institutional and international level, creating cutting edge multidisciplinary education and research teams, developing innovative pedagogies and digital technologies and thereby bringing transformative change to the education and research areas. The process will involve teaching methodology, interdisciplinarity, research and commitment to social development. The value of students and staff will be enhanced through opportunities to study and work across the European Union.</p>
