

PRIN 2022 PNRR - SUST.FU.ToUR - The future of sustainability

## Towards a HOLISTIC UNDERSTANDING of SOCIETY:

DSSR 2025 PESCARA

19TH-21ST FEBRUARY

## BRIDGING

## Social Sciences, Statistics and Computational Sciences

## 19<sup>th</sup> of February, Wednesday

	R00M 31	ROOM 33	R00M 35	R00M 27
11:00-11:30	Institutional Greetings			
11:30-12:30	CON-1: Advances in economics	CON-2: Tourism Preferences, Impact and Trends	CON-3: Territory and Society	
12:30-13:30	Lunch - Room 28			
	INV-1: Methodological and Institutional design for the development of the Mid Adriatic Hipercity metropolitan area	INV-2: Social Data Science, Artificial Intelligence, and Social Change	INV-3: Identifying and Counteracting Online Misogyny in Cyberspace (ICOMIC Project)	
	INV-4: Advanced Clustering and Multilevel Analysis Techniques for Complex Data	INV-5: Scientific Knowledge Analysis in Health	INV-6: Social Data Science, Artificial Intelligence, and Social Change	INV-7: Data sciences for socio-territoria indicators
15:30-16.00	Coffee break - Room 28			
16:00-17.15	<b>Round Table: Al and the Future of Social</b>	Research: Epistemological, Methodologica	l, and Ethical Insights	
	INV-8: Resilience as a mental view on future	INV-9: Data Integration in Social research: Leveraging New and Traditional Sources for a Complex Future	INV-10: Complex Environmental Processes and Modeling of Compound Events (PRIN PNRR 2022 SLIDE)	INV-11: Research on Information and Computational Economics (RICE)
of Feb	ruary, Thursday			
	INV-12: Exploring Futures: Approaches, Methodologies, and Visualizations for Scenario Development	INV-13: Advanced models for financial data and risk assessment	INV-14: Measuring and Modelling Violence Against Women: Innovative Strategies for Data Analysis	INV-15: Student mobility and inequalities higher education
	Coffee break - Room 28			
	INV-16: Causal inference approaches to study health and wellbeing	INV-17: Methods and Models for Educational Data	INV-18: Data science and Al for healthcare services	INV-19: Functional data analysis
	Plenary session 1: Federico A. LASCO. Pro Le politiche fanno la differenza?	eferenze virtuali, mobilità vincolate, esper	enze reali: aspettative, rendite e catena (	del valore nel futuro del turismo.
12:30-13:30	Lunch - Room 28			
13:30-14:30	Plenary session 2: Stefano M. IACUS . Re	thinking Scale: The Efficacy of Fine-Tuned	Open-Source LLMs in Large-Scale Reprod	ucible Social Science Research
	INV-20: Futures Research Methodology: Models and Applications for Sustainable Tourism (PRIN 2022 PNRR - SUST.FU.ToUR)	INV-21: Co-authorship networks: challenges in data collection and statistical modelling.	INV-22: Sustainable and circular management of Italian waste sector in the framework of the National Recovery and Resilience Plan (PRIN 2022 PNRR - C.E.Ma. Si.P. Project)	INV-23: Methodological Challenges and Insights in Researching People's Relationship with Artificial Intelligence
15:30-16:30	INV-24: Researching with/about Al	INV-25: Environmental attitudes, behaviors, and awareness in Italy	CON-4: Advances and Applications of NLP Techniques	INV-26: Statistical methods for socio- economic applications
of Febr	ruary, Friday			
	INV-27: Identification of Online Racism and Xenophobia (PRIN PNRR 2022 TOLERANT) (1)	INV-28: New approaches and measures to address changing society	INV-29: Environmental Modelling and Complex Data Integration (PRIN 2022 CoEnv)	INV-30: Data-Driven Approaches to Financial Integrity and Local Governance Case Studies and Insights
11:00-11:30	Coffee break - Room 28			
11:30-13:00	Round Table: Al@work			
13:00-14:00	Lunch - Room 28			
	INV-31: Identification of Online Racism and Xenophobia (PRIN PNRR 2022 TOLERANT) (2)		INV-33: Advanced Data Analytics in Socio- Economic Indicators	INV-34: Socio-economic perspectives fo sustainable future

**Networking Aperitif** 

16:00-16:30 Greetings

15:00-16:00 CON-5: Health Models, Literacy, and Food CON-6: Smart Living and Social Surveys

CON-7: Social Media Analytics
