2.1 – Qualifications obtained in Italy

Admission to the Bachelor's Degree Program in Economics and Finance requires a high school diploma, or another recognized equivalent foreign qualification (see [par. 2.2](#) below), which must be compliant with current Italian regulations.

If the applicant holds a high school diploma obtained through a four-year program without an additional preparatory year (except for specific experimental pathways authorized by the Italian Ministry of Education), a learning requirement will be assigned, which must be fulfilled according to the procedures outlined in the 2025/2026 Academic Regulations, published on the University website ► <https://www.unich.it>.

2.2 – Qualifications obtained abroad

Candidates holding a foreign secondary school diploma must provide the following documents:

The diploma must come with a **Verification Statement** issued by the Italian ENIC-NARIC Center (CIMEA), or legalized by the relevant Italian diplomatic authority, with an Apostille stamp (for countries adhering to the 1961 Hague Convention). A **Statement of Comparability** or **Statement of Correspondence** by CIMEA, or alternatively, a **Declaration of Value**, is also required.

- b) A certificate proving the applicant passed any academic suitability test for university admission, if such a test is required in the country where the diploma was obtained;
