Internship Programme**

The Perfect Fit

One-Month Clinical, Research & Cultural
Exchange Internship
Wenzhou Medical University

About the 2026 Summer Internship Programme

The WMU One-Month Short-Term Internship Programme (Summer 2026) provides international medical/biomedical students with opportunities to gain structured clinical exposure, research training, academic workshops, and cross-cultural experience in one of China's leading medical universities.

Duration: 4 weeks (July19–August 16, 2026)
Programme Track: Clinical Internship Track (Hospital Observership & Ward Exposure)
Research Internship Track (Basic/Translational Research Labs)
Hybrid Track (Clinical + Research + Academic Activities)

● Programme Objectives

- Provide structured exposure to clinical departments and hospital workflow.
- Introduce students to basic and translational research methodologies.
- Enhance students' medical knowledge through seminars, case discussions, and workshops.
- Facilitate international exchange and multicultural learning.
- Build academic networking opportunities with WMU faculty.
- Provide participants with a WMU Internship Completion Certificate.

Wenzhou Medical University (WMU), established in 1912 in Zhejiang Province, is a distinguished provincial university. In 2023, it became a co-developed university supported by the National Health Commission and the Zhejiang Provincial Government and joined the province's "High-Level University Construction" initiative. WMU is among China's pioneering universities authorised to award master's and doctoral degrees, with 15 disciplines ranked in the top 1% globally according to ESI, including Clinical Medicine, Pharmacology, and Toxicology, which are ranked in the top 0.1%.

The university maintains partnerships with more than 170 international universities and aims to be a world-class medical institution.

Accredited in 1993 to recruit international students, WMU established the School of International Education in 2006 and now offers five full-English degree programs in clinical medicine, dentistry, pharmacy, nursing, and biotechnology.

Eligibility Criteria

- Undergraduate or graduate students in:
 - Medicine (MBBS/MD)
 - Nursing
 - Pharmacy
 - biotechnology
 - Other health-related fields
- Proficient in English (instruction language)
- In good academic standing
- Able to commit full-time for 4 weeks

Programme Structure

● Clinical Internship Track

- Departments to choose:
 - Internal Medicine
 - Surgery
 - Paediatrics
 - Gynaecology & Obstetrics
 - Dermatology
 - Radiology
 - ENT
 - Ophthalmology
 - Clinical Pharmacy
 - Nursing
 - Clinical laboratory
- Activities:
 - Ward / OPD observation
 - Case presentations
 - Grand rounds & morning meetings
 - Skills workshops (under supervision)

● Research Internship Track

Hosted in WMU laboratories under research supervisors.

Fields to choose from:

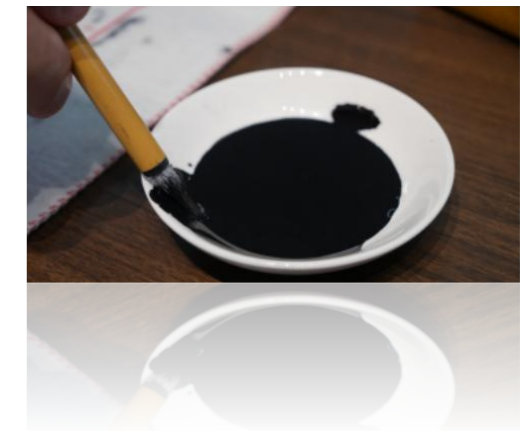

- Pharmacy
- medical science
- biotechnology

Activities:

- Lab shadowing
- Basic experimental techniques
- Research group meetings
- Mini-project under a mentor

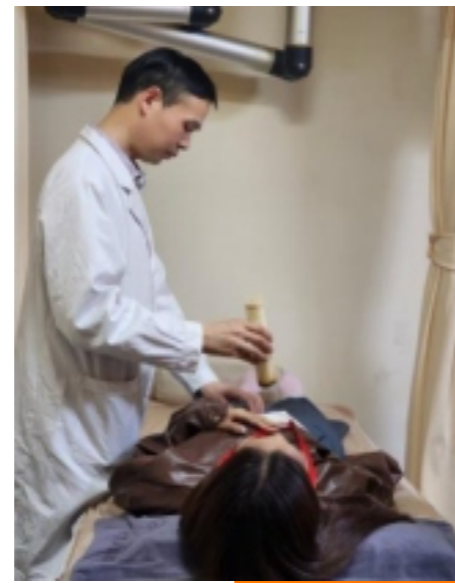

Academic & Cultural Activities

- Orientation programme
- Case discussions
- Chinese culture experience (tea, calligraphy, TCM workshops, cultural immersions)
- Campus tour & local exploration programs
- Closing ceremony + certificate awarding

Benefits for Participants

- Hands-on exposure to real medical environments in China
- Access to top hospitals and research laboratories
- Mentorship from WMU clinicians and researchers
- Multicultural learning environment
- Academic enrichment (seminars, workshops, PBL)
- **WMU official Certificate of Internship Completion**
- Opportunity for future exchanges or extended internships

How to Apply

● Who Can Apply

This programme is open to undergraduate and graduate students enrolled in higher education institutions outside China, as well as employed teachers and early-career researchers.

● Required Documents:

- Application Form (online)
- CV / Resume
- Passport copy
- Motivation letter (max. 500 words)
- Student ID/proof of enrolment
- Transcript (optional but recommended)

● Application Timeline:

- Opens: January 2026 Deadline: April 15, 2026
- Notification: May 10–30, 2026
