The determination of the assessment score in the range indicated will be specified by the Committee when identifying the criteria unless it has been established by the Department when requesting the activation of the procedure. In the latter case, reference is made to form 1 annexed to the notice.

Considering that the total must always be equal to 100, the formula to identify the final score to be assigned to the assessments is indicated below:

$$\frac{\text{score selected}}{\text{max score}} = \frac{\text{score rep. (x)}}{\text{score}}$$
$$(x) = \frac{\text{score} * \text{score selected}}{\text{max score}}$$

CALCULATION OF SCORE REPORTED e.g.: COMPREHENSIVE SCIENTIFIC PRODUCTION

SCORE SELECTED: defined by the Committee/Department → e.g.: maximum score 15

MAX SCORE: maximum possible score in the "comprehensive scientific production assessment": E.g.: :[6 (max score per criterion)

$$* 3 (\text{number of criteria})] = 18$$

SCORE: sum of the scores assigned to the "comprehensive scientific production assessment" for the single candidate e.g.: (criterion a: 6 + criterion b: 4 + etc ... = 14) e.g.: 14

$$(x) = \frac{14 * 15}{18}; (x) = 11,67$$

It also predetermines the general criteria for the evaluation of the oral examination designed to verify the proper knowledge of a foreign language and/or Italian language for foreign applicants.

In its first session, the Committee shall also:

- identify the types of publications that are to be assessed;

- decide the weighting of each criterion and parameter to be taken into account;
- identify any further criteria and parameters that are more selective than those indicated in the notice;
- establish the date, time and place where the public discussion of the qualifications and scientific production will take place, as well as the verification of the knowledge of the foreign language and/or the Italian language for foreign candidates. This publication has the value of full notification and therefore no further convocation will follow. If the date indicated by the Committee for the conduct of the interview is changed, the new date will be published in the section marked <http://www.unich.it/concorsigelmini2019> by means of a notice, but no further communication will be sent to the candidates. This notice will always be published 20 days before the date indicated for the interview.

The criteria adopted by the Committee are made public through publication, for at least seven days, in the official register of the University and, at the same time, on the University website; After seven days, the Committee may proceed with its activities. The members of the Committee access the documentation presented by the candidates online and, in order to guarantee the confidentiality of the data, access is via codes assigned by the university and communicated to each of the Committee members.

The date of publication will be considered the day useful for publicity.

In the second session, the Committee must declare that there are no situations of incompatibility with the candidates in accordance with articles 51 and 52 of the Italian Code of Civil Procedure, and that there are no relationships by marriage or by civil union or cohabitation regulated in compliance with law dated 20 May 2016, No. 76, or of kinship or affinities within the 4th degree, with them.

The Committee carries out a justified preliminary comparative assessment of the qualifications, curriculum and publications - including the doctoral thesis if presented - and comprehensive scientific production of the candidates, expressing a justified analytical judgement.

Following the preliminary comparative assessment, the Committee shall admit between 10 and 20 percent of the candidates of comparatively higher merit to public discussion of the qualifications and scientific production, and in any case not less than six candidates. All candidates are admitted to the discussion if their number is equal to or lower than six.

Promptly - with respect to the date set for the interview - a report will be published containing a justified preliminary assessment of the candidates.

Following the public discussion, the Committee assigns a score to the qualifications and curriculum vitae, to each of the publications presented, and to the comprehensive scientific production, and expresses an opinion on the oral test aimed at ascertaining the adequate knowledge of a foreign language and of the Italian language for foreign candidates. These assessments will be made public through publication in the official University Register and, at the same time, will be posted on the University website, being considered as a notification to all intents and purposes.

The Committee must establish for each qualification the criterion on the basis of which to assign the score, respecting the consistency of the qualifications with the S.S.D. that is the subject of this procedure.

In assessing the comprehensive scientific production, the Committee may take into account that already indicated by the applicant when submitting the application

The consultation of publications subject to intellectual property rights must take place in observance of the laws on copyright and publishing.
