About us

Pescara is a modern city on the Adriatic sea, the biggest city of Abruzzo, famous for being the hometown of Gabriele D'Annunzio, one of the most important Italian poets of the last century. Pescara is a very liveable city, with good public transportation and connections with the rest of the country and the world thanks to the airport, the railway station and the interregional bus transportation. The life cost is also very affordable for the students who choose to study at University of Chieti and Pescara "Gabriele D'Annunzio".

The "Gabriele d'Annunzio" University, established in 1965 as a 'Libera Università' (non state-owned university), became state-owned in 1982. Today, it has 13 Departments and 2 Schools. There are two university campuses: one in **Chieti**, where the registered office of the university is located, along with the Rector's and General Directorate's office, and **Pescara**. This is the website of Our University: <https://www.unich.it/mypage>

PRIVATE ACCOMODATION

If you study in Pescara:

It's very important to find the right location. Pescara is not too big, but we suggest looking in the square area above. Doing in this way, you would stay near your University building and near that places where you can find young people going out together.

If you study in Chieti:

Even though you might need to attend your classes in Chieti, you still can rent a room in Pescara, from where you can easily hop on a train/bus to reach the University and hangout during the evening.

ESN association is based in Pescara and that's where a lot of events and fun activities will take place, so that your Erasmus experience will be totally unforgettable!

You can look for accommodation on the net, for example on Facebook.

Here we suggest you some of the best FB's groups at this link:

<https://www.facebook.com/groups/793611187365052>

or this one too: <https://www.facebook.com/groups/1064882266903874>

Another way is on websites where there are a lot of announcements about houses for rent:

<https://www.idealista.it/affitto-stanze/pescara/portanuova/>

or

<https://www.subito.it/annunci-abruzzo/affitto/immobili/pescara/pescara/?q=pescara+portanuova>

Guide to the tax code (Fiscal Code)

The Fiscal Code (Codice Fiscale) is a code made of letters and numbers on the basis of your first name, family name, date and place of birth and it is used by the Public Administration to identify the citizens living in Italy. All those living in Italy need to have their own.

It is possible to receive it at the local Revenue Agency (Uffici Locali dell'Agenzia delle Entrate), bringing along the passport / Identity Card.

The Revenue Agencies in Pescara is located in: [P.zza Italia,15 65121, Pescara](#)

They will give you a module to sign and you will receive a copy of your FISCAL CODE/CODICE FISCALE.

The Fiscal Code is necessary, to apply for the residence permit, to sign the leasing contract, to open a bank account, to enter into a tenancy agreement, to receive medical care attention, to earn a salary and carry out other procedures/activities. If the Codice Fiscale gets lost or stolen, a duplicate can be requested at the local Revenue Agency.

PAY ATTENTION: Non-European students MUST bring along the passport

In order to have the Fiscal Code is necessary to reserve an appointment at the [Agenzia delle Entrate](#)

You could follow [this tutorial](#) to book an appointment. **We clarify that we are not linked to this person. So please don't contact him to get help.** Only follow the tutorial and if you need contact the ESN Chieti Pescara!

PAY ATTENTION: Non-European students with a second European citizenship: for the Italian law, the European citizenship prevails on the non-European one. Therefore, the Fiscal Code will be done according to the name/s on the European passport.

5.3

Health insurance

EU CITIZENS

Students from the European Union member countries, who upon the arrival have the TEAM card or the E106 Form (statement of the original European Health Card issued by their country), can have access to the same services as the Italian citizens, offered by the Italian National Health Service (SSN).

The assistance of a family doctor is guaranteed if you have an ID card (identity card) and the original European Health Card (TEAM) or a substitutive statement (Modello E106). In this case it is possible to go directly to a family doctor affiliated with the National Health Service, both for health problems and/or to ask for medical prescriptions. The ASL (Local Health Authority) will request the reimbursement to the competent foreign institution, according to the rules of the National Health Service of the country of provenance of the student.

For more information, it is necessary to apply at the A.S.L. in the area of residence or visit the website: <https://www.asl.pe.it/DettaglioStruttura.jsp?id=30&idSezione=11>

The list of doctors is available here: <https://www.asl.pe.it/DettaglioStruttura.jsp?id=227>

NON-EU CITIZENS

The immigration law requires you to take out a health insurance during your stay in Italy.

- If you take out a private insurance in your country, please remember that, in order to be valid in Italy for obtaining the residence permit, it needs to have the following requirements:
 - it has to be taken out in the holder's name (in western characters)
 - it has to be written in Italian (or in English, French, Spanish)
 - validity in the Schengen Area/Italy
 - it states the exact coverage period (it must be not less than 6 months and maximum 1 year; notice that the duration of the residence permit will be connected to the duration of the insurance)
 - it must be clearly written the type of coverage for the medical expenses and it must have € 30.000 ceiling (expressed/converted in Euros)
 - The whole document has to be endorsed and stamped by the Italian Embassy/Consulate in your country.
- As an alternative, once in Italy you can take out a private insurance through an Italian insurance company, that will cover urgent medical assistance (surgery and accidents) in the Emergency Room (Pronto Soccorso) of any hospital.
- Otherwise, upon arrival, it is possible to subscribe to the Italian National Health Service (Servizio Sanitario Nazionale - S.S.N.). Nowadays, the price for students is € 149,77 a year; the payment is valid for a calendar year, that is, until the 31st of December of the year when the payment has been made. In order to subscribe, first you have to pay € 149,77 at any post office, by filling in the F24 form (MODELLO F24). After submitting your residence permit application, you have to go to the A.S.L. office in the area where you live (A.S.L. are the local administrative and operative facilities of the National Health Service) and apply for the subscription, bringing along: your passport, the residence permit receipt, the payment receipt of MODELLO F24.

The public coverage supplied by the National Health Service (Servizio Sanitario Nazionale) provides full health assistance - including the possibility to choose a family doctor. In the Italian health system, the family doctor gives general or 1st level health assistance, that is health care outside the hospital, hence including medical treatment in case of ordinary diseases or non-emergency health problems, and prescribes medicines and tests.

– Information about the public health assistance is available [here](#)

- Lastly, those who have a document proving their right to health assistance on the basis of treaties and bilateral agreements signed by Italy and one's own Country, which has been issued by the Italian Embassy/Consulate in their Country, can show this document to make use of the health services stated in the agreement. For more information, it is necessary to apply to the A.S.L. in the area of residence.

If you temporarily move, are you eligible to ask for health care in your new address? How can you ask for a GP (general practitioner) temporarily?

In this case, you are eligible to temporarily health care for people who are temporary residents, even if you need the necessary documentation. For people who change their address for work related reasons, for study or for medical treatments, it's necessary to choose a GP (general practitioner) where these people move temporarily. In addition, the stay in the new address has to be from 3 months to 1 year. After 1 year, if you need to stay longer, you can ask to be enrolled for another 12 months, and you have to present the necessary documentation. If you need access to health care you need to enroll in Servizio Sanitario Nazionale (SSN) both if you are an Italian citizen and if you are a migrant to Italy with permanent residence. For this, you have to go to the medical center of your area.

The documents you need are:

- Your ID
- Codice fiscale
- Permanent residence certificate

If you are enrolled in the Servizio Sanitario you have the right to request a GP (general practitioner), a pediatrician etc.

You need to show your Codice Fiscale everytime you need to receive medical care and social care as well as if you need medications.
