Didactic offer	All courses: https://www.scuolasuperiore.unich.it/offerta-formativa
Learning agreement	Students are required to fill in the Online Learning Agreement at the following link https://learning-agreement.eu/
Qualifications of the university system	http://www.cimea.it/en/services/the-italian-higher-education- system/qualifications-of-the-university-system.aspx
Credit system	The Italian university credit system is based on credit units called CFU. The system is based on the concept of "workload", and is equivalent to the ECTS credit system.
	One university credit (CFU) normally corresponds to 25 hours of work, including both lessons and self-study. The average annual workload of a full-time student corresponds to 60 credits.
Grading system	Written and oral examinations in Italy are graded on a 0-30 scale ("thirtieths"). The minimum grade to pass an examination is 18/30 and the maximum grade is 30/30. "30 e lode" ("cum laude") corresponds to full mark with distinction.
ECTS table	https://www.unich.it/didattica/international/international-students/exchange- student/erasmus-exchange-study/conversion
Erasmus Departm	nent Coordinators
Department of Architecture	Professor Domenico Potenza- domenico.potenza@unich.it
