

MOD. G

The undersigned _____

Zip
code _____

aware that if the oral interview must be held during the validity of the covid-19 emergency period, the same will be held electronically via skype call or through the use of the Microsoft teams platform.

In order to support the interview in the manner indicated

DECLARES

- to be the holder of the following SKYPE address: _____ to which he asks to be contacted in the public call during which the interview will be carried out;
- to accept the interview in the manner indicated, committing not to use aid tools and to ensure the absence of support people during the test;
- that the workstation from which the interview will be held is equipped with both a webcam and a microphone and headphones / speakers;
- that the connection must remain active for the entire duration of the test;
- that any interruptions must be duly reported to the Commission.
- to be aware that at the beginning of the online interview, candidates must present the identification document and a copy of the application submitted to the Commission;
- to be aware that the candidate must be available at the skype contact previously indicated in the application, on the day and time indicated for the interview and that failure or incorrect communication of the skype personal contact will be considered a waiver of participation in the interview and, therefore, selection, in the same way that:
 - failure to reply and / or non-presentation of the identification document already sent as an attachment to the question or a copy of the question itself will be considered a waiver of participation in the interview and, therefore, of selection;
- that it will be up to the candidate to provide evidence of the causes and / or anomalies and / or technical critical issues not attributable to the fault or inaction of the candidate that prevented him from participating in the interview. In this case, the candidate must immediately notify the Commission via email.

Declaring to be aware that the interview must take place in compliance with the following principles:

a) simultaneous connection between the participants; b) security of data and information exchanged during the session; c) publicity of evidence; d) guarantee of certain identification of candidates; and also that the use of audio-video connection tools must in any case allow:

a) the visualization of the candidate during the entire test;

b) the correct identification of the candidate through a valid identification document;

c) the conduct of the session in public form, guaranteed by the possibility of connection simultaneously for the entire duration of the same by all candidates and by third parties who request it from the Administration.

He also declares to be aware that, like the members of the jury, the candidates participate in the session relating to the interviews using their own electronic devices, that the University of Annunzio is excluded from any responsibility in case of technical problems of any kind not attributable to the same, which do not allow the correct start or performance of the test, and also that the interview in electronic mode between the members of the commission and all the candidates must necessarily take place on the date and time specified by the competition commission, as resulting from a calendar published on the University website; that the connection must be audio and video; that

the session is conducted by the President of the commission who must promptly verify the functioning of the audio-video connection with the candidates and with the other members of the commission (For this purpose, candidates are required to start the connection at least 20 minutes before the start of the telematic session).

I, the undersigned, accept the following circumstance:
the Commission will have the faculty, by communicating the President - once the candidates have been contacted via the communicated skype address - to invite all the candidates and any others present to the call to enter another virtual platform in order to ensure the best functionality of the interactions, for example Microsoft teams platform.

Finally, he declares to accept to be available to start the connection at least 20 minutes before the start of the telematic session, in order to verify the functionality of the connection.

Date: _____ Place: _____

Signature of the candidate *

* (digital or in full and legible and, in the latter case, accompanied by a photocopy of an identification document)
